You can click into an individual session or exhibitor straight from the homepage. Additionally, you can access the event website by clicking the ‘Visit event website’ link.

You also can reference the Home Page Attendee Guide for more specific navigation.
Schedule Tab

This tab links to two pages: Sessions and On-Demand content.

Sessions Page

The sessions page lists all sessions available for you to attend during the event. They are listed in the order they occur and broken out by date tabs along the top. The page will appear in the time zone of the event by default, but you are able to adjust the times to the time zone you are viewing in for ease of use. You can click on the session name to access the content of the session.

You also can add or remove sessions from your personalized schedule on this page if modification is allowed.

On-Demand Page

All recorded sessions will appear here for viewing after they have occurred live. To review any session you missed, access this page.

Community Tab

This tab can contain two pages: The Attendees list and the event Game.

Attendees Page

If the event you are attending has this page, you will be able to see a list of all attendees who have made themselves visible on this list. You have the option to go visible or keep yourself hidden from this list.

Game Page

If the event you are attending has gamification features turned on, you can join the game here.

Within this tab, you will see a variety of challenges you can participate in. When you click into a specific challenge, you will see the rules and how to collect points.

At the top of the page, you can see your total number of points and overall rank.
Expo Tab

This tab can contain two pages: Exhibitors and Sponsors

Exhibitors Page

On this page you can view a list of all the exhibitors for the event. You can click the exhibitors name to access the information about the exhibitor and their virtual booth. Exhibitors are tagged based off if they have a virtual meeting available for you to join or if they are an event sponsor.

All the exhibitors are listed in alphabetical order, but you have the ability to search and filter based off the type of exhibitor you’d like to view more information about.

Sponsors Page

This page lists all the sponsors for the event at their specific tiers. You can also see if the individual sponsors have virtual meeting booths. By clicking on a specific sponsor, you will be taken to their exhibitor page.

More Tab

This tab will hold any additional information created for the event.
